

**OutdoorSmart
 Filter Alarm**

All Polylok/Zabel
 filters accept the
 SmartFilter®
 switch and alarm.

**A100 Filter 1/16" Filtration
 8" and 12" Diameter**

This filter is ideal for larger homes, multi-family homes or light commercial settings where increased flows or higher quality effluent is required. The A100-8 Series is sized to handle flow rates from 1200 to 2400 GPD and is available in three different lengths. The A100-12 Series, installed in more locations than any other filter on the market, is sized to handle flow rates from 3000 to 6000 GPD. The A100-12 Series can be used in almost any application. Independent research has shown the A100-12 decreases TSS by 50-90% and CBOD⁵ by 20-40%. With 1/16" filtration, the A100-8 Series filter is available in 18", 26" and 32" lengths. The A100-12 Series filter is available in 20", 28" and 36" lengths.

**A300 Filter 1/32" Filtration
 8" and 12" Diameter**

The finer 1/32" level of filtration achieved with the A300-8 filter makes this the perfect effluent filter for small grease trap applications, dog kennels, laundromats and other applications where fine suspended solids are present. The A300 offers flow rates between 1200-2400 GPD. The A300-12 Series provides 1/32" filtration and has been shown to reduce FOG by as much as 50-98%. The A300-12 is also used for onsite wastewater systems which require a finer level of TSS removal. The A300-8 Series filter is available in 12", 26" and 32" lengths. The A300-12 Series filter is available in 20", 28" and 36" lengths.

**A600 Filter 1/64" Filtration
 8" and 12" Diameter**

The A600 is ideal for specialty applications where very fine filtration is required and low flows are expected. Due to fine, 1/64" level filtration, every A600 comes equipped with a SmartFilter® switch and alarm. The SmartFilter® switch provides notification of required filter servicing through the use of both an audible and visual alarm. A minimum of a 3" drop is required in the tank for proper SmartFilter® operation. The A600-8 Series filter is available in 18", 26" and 32" lengths. The A600-12 Series is available in 20", 28" and 36" lengths.
